

EAGLE CAP SHOOTERS ASSOCIATION

P.O. Box 928
Joseph, OR 97846

www.eaglecapshooters.com

Two classes are scheduled for the 14th and 21st of July. They will be taking place out at the range on the pistol range.

The classes are presented by Twenty One Feet and instructed by John Amond and Jude Graham

July 14th class will be "Basic Pistol"

July 21st class will be "Personal Protection"

If you would like more specific information on these classes and other classes they offer you can find that at <http://www.twentyonefeet.com>

At this time the class on the 14th is full but the class on the 21st still has a few spots available. However, given that the "Personal Protection" class on 21st is an advanced class folks would need to contact Jude and John to discuss skill level requirements.

If there is an interest among the greater Wallowa county community to join in on these classes down the road that could definitely be arranged. I would highly encourage all who are interested in becoming more comfortable and proficient with their handguns to take these courses.

Respectfully,

Eric Sinclair
